Negotiations Update

Clinton Township Education Association and Clinton Township Board of Education

January 29, 2019

On Thursday, January 17, 2019, members from the Clinton Township Education Association's and Clinton Township Board of Education's negotiations teams entered into a fact-finding mediation session with the assistance of a state appointed fact-finder. The goal of this session was to move closer to reaching an agreement that would be mutually beneficial and acceptable to both parties.

During the almost three-hour session, the fact-finder helped the parties explore and develop creative options that brought both sides closer to a settlement. Although the parties have not yet reached agreement on their open items, the fact-finder believed that the parties had made enough progress that he scheduled another mediation session, as opposed to moving the negotiations to a fact-finding hearing. The next mediation session is scheduled for February 27th.
