

Statement by Michele Cone
11.19.18

Thank you, let me begin by saying how pleased and honored I am, to be named Superintendent of Schools for Clinton Township.

Clinton Township has had a rich tradition of providing a high quality education to its students and I look forward to continuing that tradition by offering a rigorous academic education partnered with a supportive environment that also nurtures the social and emotional development of the children of this community.

My goal is to continue to move the district forward, setting high standards for educational excellence.

The first step in this process will be the creation of a new Strategic Plan, where our initial partnerships will be formed as all stakeholders work together to create the vision for our school district.

This will include the areas of curriculum and instruction, technology, facilities and finance as well as communication.

This is an exciting time and I am thrilled to be instrumental in setting the course for our district for the next five years.

It is my privilege to work with a strong staff and administrative team as well as dedicated parents.

But more importantly, to lead a district that looks forward, and creates an engaging and dynamic educational environment for the children of Clinton Township.

I would like to thank the Board of Education for this opportunity and your support throughout the summer and now in my appointment as the permanent superintendent.
